ONDAY the fourteenth annual West Virginia Exposition and State Fair opened and all the indications point to the most successful fair in the series. The open-

ing day attendance was better than ever before, about two thousand people passing through the gates. Herelofore the first day has been blank so far as speed contests are concerned, but as the management this time had provided a programme of bleyele races the attendance was naturally somewhat augmented.

ance was naturally somewhat augmented.

In the exhibit department the day
was a busy one. Throughout the
morning exhibitors were crowding
around the entry office with late offerings. At noon when the clerks closed
the entries it was ascertained that the
exhibits outnumber in nearly overy
department those of provious fairs.
This is a gratifying state of affairs and
shows that the farmers are beginning
to thoroughly appreciate the really firstclass state fair that is annually given by
the local association. To-day the judges
in the various departments will be announced and they will be busy men and
women from then until the close of the
fair on Friday when the prize winners
will be announced.

On the "Midway" the situation was was one of bustle and activity and a Sistersville man thought he was on Wells street of the oil metropolis. All the old-time fakirs were on the scene and on Thursday this thoroughfare will be one of the most crowded on the

above and below the stand. As is usual at bleycle races the ladies predominated in numbers. The first race was schoduled to sint at 2 o'clock but the delay of an hour in getting the score cards, postponed it that length of time and did not add to the good humor of the crowd. It was just 3 o'clock when Referee Will Stevenson called out the men in the opening race, the one min ove and below the stand. As is usual

invitation.

Eight of the eleven entrants faced Starter "Juke" Loos. This race was a very interesting contest. The referee placed a time limit of 2:50 on the men and on the second half it was a sprint all the way round. Lubic, the speedy Benwood boy, took the lead at the start with Mahike well up and the Fosters hauging on right behind. Lubic led into the stretch and was looked upon as the winner, but a great sprint by Arthur Foster sent him to the front and he wen out in one of the pretiest. he won out in one of the prettiest finishes ever seen on the Island. The next event was the one mile han-dicap, with a large field of starters. The handicaps had been alloted by the offidicap, with a large field of starters. The handicaps had been alloted by the official handicapper as follows: Bort C. Irons, Monaca, Pa., 15 yards; Joo Foster, Wheeling, 20 yards; J. K. Bowman, Canal Winchester, Ohio, seratch; Irve Woods, Wheeling, W. Va., 25 yards; George Foster, Wheeling, W. Va., 25 yards; George Foster, Wheeling, W. Va., 26 yards; Arthur Foster, Wheeling, W. This was practically a scratch event as the entire field was bunched when the eighth pole was reached. After the field was bunched the pace dropped away down and was reached. Then averybody got on the go and the field had soon become as strung out as it was at the start. Bowman, of Canal Winchester, who was at scratch, proved himself the best man of the lot by winching in a pretty spurt in the home stretch. Lubic put up a game fight

The one mile open was run with a time limit of 2:25, and as the race was won in 2:55 it was declared off. This was the first race of the afternoon in which the two visiting cracks came together. Helms is one of the best'A men in Ohio, but in Bowman he found a rider worthy of his prowess. The other starters were not in the same class with these two, and the race early became a coutest between them alone. They were together until the stretch was entered, when the Steubenville man made one of his lighting finishes for which he is noted and won by a length. Bowman was second and Geerne Fester got third place. The summary:

The next event on the programme was an exhibition half mile by Heims, of Steubenville. He was paced by Stamp and Matthews, and made the circuit of the track in 1:02 4-5, the second best time over made on the Island, Bliss having done the distance at the circuit races of 1893 in 1:01. Bowman, of Canal Winchester, next went an exhibition half in 1:03, just one-fifth of a second slower than Helms. Bowman was paced by Stamp and Wood.

The last event on the programme was the five mile handicap, in which the entries and handicaps were as follows: Bert C. Irons, Monaca, Pa., 200 yards; George Hoims, Steubenville, O., scratch; J. K. The races were run under the auspices of Mr. Jason C. Stamp. With the maof air, Jason C, Stanp. With the material placed at his disposal by the fair association he gave as goods programme of racing as could be expected, but the mesociation no doubt now realizes that the public, a large part of whom are interested in bicycle speed events, do not terested in bicycle speed events, do not especially care for a race in which only local and neighborhood wheelmen are to contest. Had the association put more money into its bicycle feature there would have been no difficulty in securing some of the noted professionals like Sanger, Johnson and Tyier, who would have drawn like a mustard plaster. Why not get the top-notchers next year?
